Nelson Elementary School
2022-2023 School Accountability Report Card
(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC. - For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/. - For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/. - For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Nelson Families,

Thank you! It has been a wild couple of years and we could not have made it through without you. Thank you for your support. Thank you for your patience. Thank you for being a teammate to us as we take on the responsibly of you keeping your greatest asset of all time, your children, safe during a global pandemic. Thank you for talking to us and expressing your anxieties about returning. Thank you for being an advocate for your child's needs. Thank for believing in our entire staff and supporting them as they compete for your kids and give them the opportunity to get back on campus as quickly as possible. Thank you.

I feel very lucky and blessed to have the opportunity to join the Nelson family. Nelson feels like my home and I hope you are stuck with me for a very long time to come. As we move forward through the 22-23 school year, we will not forget the struggles. We will not forget that empty feeling we had when we would walk onto a quite campus devoid of children laughing and growing as young people. We are ecstatic to be back on campus with all of our families back to as close to a normal school year as possible. We have come back bigger, better, and more united than ever to build up our school, our kids, and our community. Together, we will partner to become the best we can become in mind, body, and spirit for the 2022-2023 school year!

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Clovis Unified School District sets a high priority upon ensuring there are sufficient textbooks and materials to support the district's instructional program. CUSD Board Policy Number 6161.1 establishes criteria and procedures for the adoption of all textbooks. All K-8 textbooks purchased have been approved by the State Board of Education and adopted by the Clovis Unified Governing Board. Textbooks and instructional materials purchased for grades 9-12 are aligned to the state content standards and adopted by the Clovis Unified Governing Board.

The Department of Supplemental Services continues to support the school sites with funding that allows for the purchase of supplementary instructional material for our students, including English learners in grades K-12. The supplemental material is designed to accelerate pupils as rapidly as possible toward grade-level proficiency in the core subjects of English-language arts, math, social science and science. These supplemental materials are used in addition to the basic reading/language arts and other core materials provided for every student and are correlated to state content standards.

School Facility Conditions and Planned Improvements

In order to maintain our facilities in top condition, CUSD has utilized the services from a third party to perform the 2022-2023 Williams inspection utilizing the Facilities Inspection Tool (FIT). This will allow CUSD to obtain an objective evaluation of our facilities in order to continue to maintain the safest and best facilities for students and staff.
For all items inspected that were found to not be in "good repair," a work-order has been created and maintenance will be done before the end of the 2020-2021 school year. Maintenance items will be prioritized so that student safety is not compromised.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	36	33	49	50	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Nelson Elementary School is proud of its parent involvement and has been fortunate to have parental support in all aspects of the school. We encourage all parents to become active in some capacity on campus, which includes the following:

- Classroom volunteers
- Co-curricular programs
- School Assessment Review Team (SART)
- School Site Council (SSC)
- English Learner Advisory Committee (ELAC)
- Intercultural and Diversity Advisory Council (IDAC)
- School Carnival
- Parent Teacher Club (PTC)
- Annual Title I Parent Meeting

If you have any questions or would like further details on how to become involved at Nelson Elementary School, please contact Parent Teacher Club President Mrs. Goosev, GIS Ashely Hutchason, GIS Michelle Perkins or Principal Tom Brocklebank at (559) 327-7600.

2023-24 School Safety Plan

Nelson has a school safety plan along with a School Crisis Intervention Plan on file; both are available to all parents as well as the general public. Staff and parents review and update the school plans annually. Safety procedures were updated and reviewed with the staff in September 2022, and the final plan for the school year will be reviewed and shared with all staff in December 2022, after approval by the School Site Council. The staff developed safety procedures and the school safety plan with input from parents and community members to ensure a safe and nonviolent environment. The school plan features specific areas of focus, coupled with appropriate strategies to address concerns.

Each month, staff and students participate in fire, earthquake and evacuation drills as part of the safety plan for preparedness. Staff has also trained with district, Clovis and Fresno police departments in safety matters. Nelson is now part of the Catapult EMS System which links the school to emergency services and CUSD leadership all in one application. The school actively promotes a safe environment using the Character Counts program, the Positivity Project, and anti-bullying strategies. Teachers refer students and parents to support groups facilitated by the school psychologist and trained teachers in the Clovis Support & Intervention program. Groups are based on student need and include grief-support groups and anger-management groups. The six-week sessions provide students with a safe place to share their feelings, needs and frustrations and receive positive coaching and coping strategies from a trained facilitator. Students needing further intervention are referred to the school psychologist. Our students are also supported through counseling services provided on-campus by Fresno County Mental Health Services and Fresno County Comprehensive Youth Services.

An instructional aide trained in social-emotional learning uses Second Step curriculum to support our students. Struggling students build academic behaviors needed for their success. Teachers have access to executive functioning skills and SEL curriculum through PureEdge.org. Staff training in Trauma-Informed Schools and Trust-Based Relational Intervention continues monthly as we build greater understanding and relationships between staff, students and families.

Fiscal Year 2022-23 Types of Services Funded

"Children Are Our Most Precious Resource" On an annual basis, Clovis Unified School District (CUSD) submits our funding Application through the Consolidated Application and Reporting System commonly called the ConApp. The application is submitted in two (2) parts: Part I, which contains program and demographic information, submitted by June 30th each year; and Part II, which contains budget information and program data submitted by January 31 each year. The categorical programs included in the application are Title I, Part A - Improving Academic Achievement. Title II, Part A - Supporting Effective Instruction and Title III - English Learner (EL), and Immigrant Programs and Title IV, Part A - Student Support and Academic Enrichment. Essentially, these funds are designed to assist students in mastering state standards. Clovis Unified Schools are committed to establishing a true partnership with all facets of the Clovis Learning Community. CUSD values feedback and input. Parents continue to make positive differences in the lives of the children we all support. We know from research that participation in your child's education will not only bring success to your child but other children in the school. Our parents truly make a difference in the lives of Clovis kids! CUSD is pleased and proud to offer a variety of parent involvement opportunities that improve our overall program. Depending on the type of categorical funding a site may receive, district or school parent councils and committees are required under certain requirements and guidelines. Such advisory committees in the CUSD include: School Site Council (SSC) English Learner Advisory Committee (ELAC) Parent Advisory Committee (PAC) and School Advisory Committee (SAC) District English Learner Advisory Committee (DELAC) District Indian Education Parent Advisory Committee (IPAC) School and District level School Assessment Review Team (SART) Intercultural and Diversity Advisory Council (IDAC) Local Control Accountability Plan Public Forums (LCAP) We encourage all parents and guardians to become involved with their child's education at the classroom level, the school-wide level, as well as the district level. Each school's School Plan for Student Achievement (SPSA) describes the school's basic educational program and the categorical supplementary programs/services that are designed to support student achievement. Parental involvement is a necessary and vital part of developing the SPSA as well as our overall program. At the district level, parent committees provide input into each of the site's SPSA. If you would like additional information on any of the District Parent Councils or Committees, please call your child's school. The Principal, Learning Director, or Guidance Instructional Specialist (GIS) would be happy to assist you. Listed below are several parent committees that assist with categorical programs and funding. School Site Council (SSC): All schools that operate a categorical program funded through the consolidated application (ConApp) shall establish a school site council (SSC). The SSC shall develop the content of the SPSA. The SPSA shall be reviewed annually and updated, including proposed expenditure of funds allocated to the school through the ConApp and the local control and accountability plan (LCAP), if any, by the SSC. The SSC is composed of parents, students at the secondary level and school personnel. It is responsible for developing, implementing and evaluating the School Plan for Student Achievement programs. Members serve for two years and are elected by their peers. Parent Advisory Committee (PAC) & School Advisory Committee (SAC): The entirety of the SSC acts as the SAC. The SAC serves as an advisory committee for the purpose of advising schools regarding supplemental education programs and acting as a liaison for their school community. They serve to share information and comments both at the district and site level. These education programs are supplemental education opportunities that provide services to students who are disadvantaged, English learners, foster youth and/or at-risk. The SSC has approved to designate our SSC pursuant to California Education Code (EC) Section 52852 to function as the School Advisory Committee. English Learner Advisory Committee (ELAC): All schools enrolling 21 or more English learners are required to form an ELAC. The ELAC is composed of parents and school personnel. The ELAC advises the principal, staff and SSC regarding services for English learners and assists in the development of the annual survey. Members serve for two years. Each ELAC shall have the opportunity to elect at least one member to the District English Learner Advisory Committee (DELAC). District English Learner Advisory Committee (DELAC): Whenever there are 51 or more EL students in the district, there shall be a functioning District English Learner Advisory Committee (DELAC). It is important that each school site ELAC elect a DELAC representative and

Fiscal Year 2022-23 Types of Services Funded

arrange to have that representative attend every DELAC meeting. Currently the DELAC bylaws require each DELAC representative to be 1) a parent/guardian of an EL or former EL (i.e., a reclassified fluent English proficient student) currently enrolled at the site he/she represents, and 2) elected to serve as the DELAC representative by the site's ELAC. District Indian Education Parent Advisory Committee (IPAC): The CUSD Native American Indian Education Parent Advisory Committee meets four times a year to discuss program issues, services provided, and other needs related to the student achievement of our students, community agencies and outreach programs. CUSD Indian Education Program addresses the needs of American Indian and Alaskan Native students in grades K - 12. The program assists eligible students to achieve at the same challenging state performance standards expected of all students in grades pre-K -12. Local Control Accountability Plan (LCAP) Forums: CUSD develops an LCAP annually that works to better align the academic plan with the district expenditure plan that is approved by our CUSD Governing Board each June. Parents and other stakeholder groups are invited to participate in the development of the LCAP through participation of school and district committee meetings and community forums. LCAP School, District Meetings and Community Forums are exciting opportunities for all stakeholders and school committees to engage with the District and share their ideas on how CUSD can provide quality opportunities and support for CUSD youth and schools. Community participation and feedback in the forums will inform the District's LCAP's funding priorities over the next several years. These forums are designed to provide an opportunity for school communities to hear about CUSD's current efforts to support youth and families and to provide input and feedback on future plans and opportunities. Sites also have an opportunity to work together in teams to share new ideas to support identified groups and to plan for site engagement and implementation. The following is an overview of the categorical funding and programs in CUSD. These funds are further discussed and outlined in each school's SPSA and at the committee meetings. Rationale General District funds provide support for the District's base/core curriculum program. Some children have special characteristics, not reflective of the general school population, that affect their success in the base/core programs. Some come from economically disadvantaged homes; some are educationally disadvantaged or lack English language proficiency because they have a primary language other than English. Children, such as those described above, require supplemental services and materials not generally provided through the base/core curriculum program. The needs of our children are identified, and supplemental services and materials are planned and targeted to meet their special needs. Categorical funds are to be used to provide the financial support to meet these special needs. Philosophy All CUSD schools offer students with special needs the same kinds of high-quality learning opportunities and access to the core curriculum in all curricular areas. Categorical funds are designed to support additional assistance to help students succeed in the regular classroom program (base/core curriculum) and address any learning gaps. The focus is on the effective utilization of supplementary materials, personnel, and staff development. Staff development activities are used to improve instructional practices and strategies to increase the ability of teachers and other staff to challenge and assist all students to reach their fullest potential. Categorical Program Descriptions 1.   After School Safety and Education Funds (ASES): This state-administered funded program is a result of the voter approved Proposition 49; provides three-year grant funding for afterschool programs that align with the core instructional day and have the following components: educational and literacy element (tutoring/ homework assistance); educational enrichment element (Additional program/activities that reinforce what is learned in the core instructional day); and provide a nutritious snack or meal that conforms to California State Education Code requirements. The purpose of the ASES Program is to create additional educational and recreational opportunities for students within the learning community while providing a safe environment for students. The goals of this program are to: 1) improve academic achievement, and 2) provide enrichment opportunities that reinforce and complement the academic program. 2.   Title I, Part A (Improving Academic Achievement): A federal-funded program to provide high-quality opportunities for students in high-poverty schools to meet district and state content and performance standards. 3.   Title I, Part A, Title X, Part C, Education for Homeless Children and Youths: Title I, Part A funds provide comparable services to homeless children that assist them to effectively take advantage of educational opportunities as provided to children in schools funded under Title I, Part A. These comparable services shall be provided to homeless children in public and private schools, shelters and other locations where children may live, institutions for neglected children and, where appropriate, local institutions such as local community day school programs. 4.   Title II, Part A (Preparing, Training and Recruiting High Quality Teachers and Principals): A federal-funded program focused on teacher and principal training and recruitment programs. 5.   Title III (Language Instruction for English Learners (ELs) and Immigrants): A federal-funded program focused on assisting school districts in teaching English to limited English proficient students (English learners) and immigrants and helping these students meet the same challenging State standards required of all other students. 6.   Title VI (Indian Education Formula Grant): A federal-funded program focused on helping Native American/Alaskan Native students meet the same challenging state standards required of all other students. The goal of the CUSD staff is to create and maintain the best educational environment possible. This can be accomplished with your support and input. If you have any questions, concerns, or would like to become more involved in the educational process at your school, please contact your school principal. Your school can assist you in learning more about categorical programs. You may want to become involved in your school's School Site Council (SSC), English Learner Advisory Committee (ELAC) and/or attend the Annual Title I Parent Meeting. During the fall, each school will send you additional information about these activities. At the district level, we encourage you to become involved with our DELAC. We encourage and look forward to your involvement in the programs we offer our learning community. If you have any questions, please call your child's school. Professional Development

The Nelson staff remains current in the field of education through the professional learning community (PLC) process and the opportunity to attend conferences, workshops, in-services and staff development. Professional development is ongoing to ensure teachers keep abreast of new learning strategies, innovative teaching techniques and applied technology in the field of education. Site Administration provides staff development through workshops by the district, and site-specific topics are addressed in monthly in-services and on early release Wednesdays. Most recently, the staff has been training in Social-Emotional Learning and Trauma Informed School practices. The PLC process measures teaching effectiveness on a biweekly basis. We use student progress, as measured by comparison of pre- and post-assessments on specific skills and standards, to guide planning, teaching strategies and staff development.

The district has focused all professional development activities around five identified needs: first time best instruction, mastery learning, multi-tiered system of supports, implementation of the California Content Standards and NGSS Standards, and cultural relevant understanding.
